22 July 1946

Country: USSR

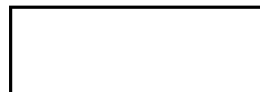

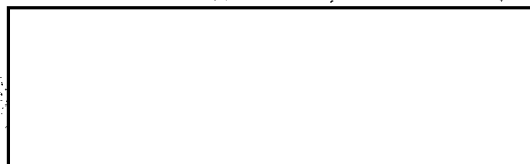

Subject: Soviet Service Schools

25X1

1. The "Kharkov Military Aviation Communications School" trains Red Air Force Personnel for work with a special radio location apparatus of the radar type.
2. The "A.W. Krilov Military Naval Academy for Ship Building and Munitions" is located on the Baltic Coast between Leningrad and Oranienbaum. It is not an OCS but gives special training to naval officers in handling new and improved naval and coast defense artillery, which is classified secret.
3. The Navy opened a new central school in Viborg, north of Leningrad. Officers and enlisted men are being trained as marines for the naval infantry.
